Sexual Harassment Policy

The Company believes that every employee should be afforded the opportunity to work in an environment free of sexual harassment. Sexual harassment is a form of misconduct that undermines the employment's relationships. No employee, either male or female, should be subjected verbally or physically to unsolicited and unwelcomed sexual overtures or conduct.

Sexual harassment refers to behavior that is not welcome, that is personally offensive, and debilitates morale, therefore interferes with work effectiveness. Behavior that amounts to sexual harassment may result in disciplinary action, up to and including termination.

MT Training Center has adopted, and its policy is based on, the definition of sexual harassment set forth by the Equal Employment Opportunity Commission (EEOC). The EEOC defines sexual harassment as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of your employment.
- Submission to or rejection of such conduct by you is used as the basis for employment decisions affecting you.
- Such conduct has the purpose or effect of unreasonably interfering with your work performance or creating an intimidating, hostile or offensive working environment.

The company wants you to have a work environment free of sexual harassment by management personnel, by coworkers and by others with whom you must interact in the course of your work as

an MT Training Center employee. Sexual harassment is specifically prohibited as unlawful and as a violation of the Company's policy. The Company is responsible for preventing sexual harassment in the workplace, for taking immediate corrective action to stop sexual harassment in the workplace and for promptly investigating any allegation of work-related sexual harassment.

If you experience or witness sexual harassment in the workplace, report it immediately to Melissa Cuellar, Owner/Director. You may also report harassment to any other member of the Company's management. All allegations of sexual harassment will be quickly investigated. To the extent possible, your confidentiality and that of any witnesses and the alleged harasser will be protected against unnecessary disclosure. When the investigation is completed, you will be informed of the outcome of that investigation.

The Company will permit no employment-based retaliation against anyone who brings a complaint of sexual harassment or who speaks as a witness in the investigation of a complaint of sexual harassment. Sexual harassment will not be tolerated at MT Training Center. If an investigation of any allegations of sexual harassment shows harassing behavior has taken place, the harasser will be subjected to disciplinary action, up to and including termination.

Harassment-Free Workplace Policy

The Company is committed to providing an environment for employees, students, and volunteers that is comfortable, safe and free from harassment of any kind, type, or nature. Any harassment is a violation of this policy and may be deemed illegal. Harassment is defined as, but not limited to: Words, signs, jokes, pranks, intimidation, physical contact, or violence. Harassment does not have to be sexual in nature. It is not the intent of the behavior by the offender that determines if harassment has occurred but whether the behavior is welcome by the receiver.

It is the responsibility of all employees to help ensure a harassment-free workplace. If you become aware of an incident of harassment, whether by witnessing the incident or being told of it, you must report it to Melissa Cuellar, Chief Administrative Officer, with whom you feel comfortable. When the Company becomes aware of harassment, it is obligated by law to take prompt and appropriate action, regardless of whether the victim wants the company to do so.

Any individual, who believes that he or she has suffered harassment in violation of the Company's harassment policies, should take the following actions:

- If there is no perceived danger of conflict, tell the harasser as clearly as possible that the behavior is unwelcome.
- If the behavior continues, advise the director of your complaint and the behavior that initiated the complaint.

The Company, including all persons to whom a violation of this Harassment Policy has been reported and persons who have become aware of a complaint, shall maintain confidentiality, to the

extent possible given the need to investigate. All complaints shall be considered confidential to the maximum extent possible.

The Company, director, officer, or employee may not retaliate against any victim, or witness, who reports a violation of this Harassment Policy. Any person who believes that he or she has been retaliated against should consult the Organization's Whistle-Blowing Policy or a Company official.
